***REASONS FOR ALLOWANCE***

1. The amendment filed 11/12/2007 has been entered. Claims 1-69 have been cancelled. Claims 70-72 are pending in this Office action.

***Allowable Subject Matter***

2. Claims 70-72 are allowed.

3. The following is an examiner's statement of reasons for allowance: none of the prior art of the record discloses or suggests that a method for determining likelihood of a match between a first set of data having Y of N bits set equal to a first binary value and a remainder of the bits set equal to a second binary value, and a second set of data also having Y of N bits set equal to a first binary value and a remainder of the bits set equal to a second binary value, the method comprising: determining general probabilities of Y of N bits in the first set of data and in the second set of data being the same, where Y and N are integers and  $N \geq Y \geq 1$ ; and heuristically processing the general probabilities to produce a series of match values based on the number of respective bits in the first set of data and in the second set of data that are identical.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
